The real object of education is to give children resources that will endure as long as life endures; habits that time will ameliorate, not destroy; occupation that will render sickness tolerable, solitude pleasant, age venerable, life more dignified and useful, and death less terrible.

BR. NOONAN

On Saturday, May 25th, 1974, Br. Noonan celebrated his 25th year in the congregation of the Christian Brothers of Ireland. Br. Noonan was born at Bay de Verde, Newfoundland, where in 1948 he joined the Brotherhood. Br. had taught at several schools ranging from Washington State to Newfoundland, to Quebec before he came to Vancouver in 1966. Br. Noonan holds a master's degree from St. John's University in New York.

BR. CASSIDY

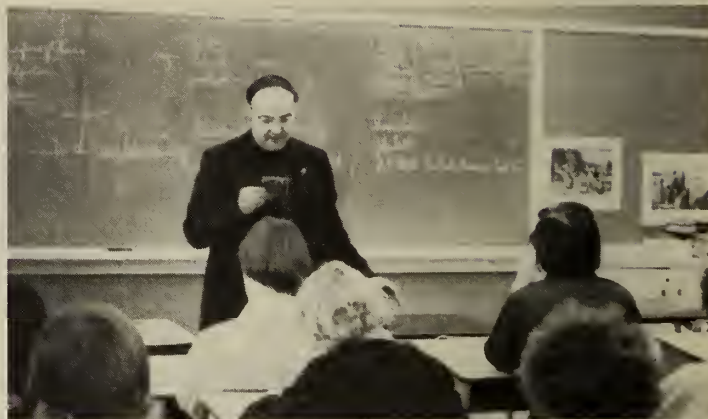

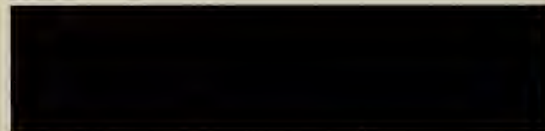

Br. Cassidy came to College in 1970. Upon his arrival he was put in as head of the English department and coach of the basketball team. Last summer, Br. was called to Rome for his tertianship. He was then commissioned to be in charge of new vocations and publicizing the congregation of the Christian Brothers.

EDUCATION

The awaking of our best sympathies, the cultivation of our best and purest tastes strengthening the desire to be useful and good, and directing youthful ambition to unselfish ends - such are the objects of true education.

These words of J.T. Headley best summarize the meaning of education, the theme of this year's yearbook. Education at Vancouver College is the complete formation of the individual. It brings out the prime purpose of our lives and tries and tries to embed this into each student, teaching him the basic Christian principles which are constantly visible in the life of the College

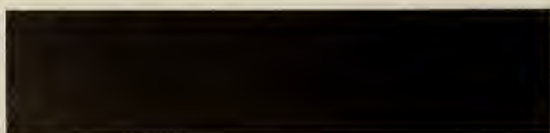

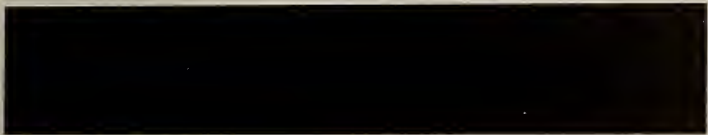

being exemplified by the lives of the Christian Brothers. The College prepares each student with a basic education later to be developed in university, trade school or as the student sees fit, but all the fundamentals have been laid at the College if the student wishes to group them.

For a break from the formal classroom routine, Vancouver College initiated five years ago an activity period allowing the student to expand his knowledge on some extracurricular interest by first hand experience. This ranged from skiing to swimming, from driving a car to building a plane, or for those with literary arts in mind, there was always German Conversation, the Collegian or the drama group.

Vancouver College has always been known for its involvement in sports and its great sportsmanship. From Empire Stadium to Queen's Park to College or wherever else College plays, it draws large support from its student body. School spirit is an important word at College and its role in sports gives College the reputation of having the loudest supporting crowd.

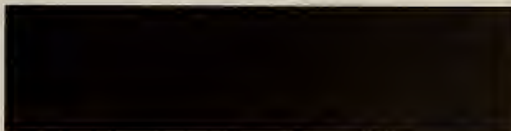

Another function of College is to teach friendship between its students and faculty and also a sense of respect for ones fellow man. Prejudice and cynicism of anyone is looked down upon at College, and students make friends with members of all nationalities and races. Activity periods, games, intramural sports and dances are just some of the ways of bonding the friendship of the students after class hours.

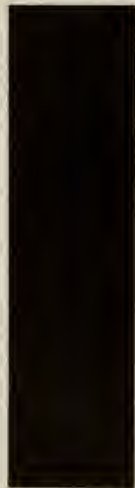

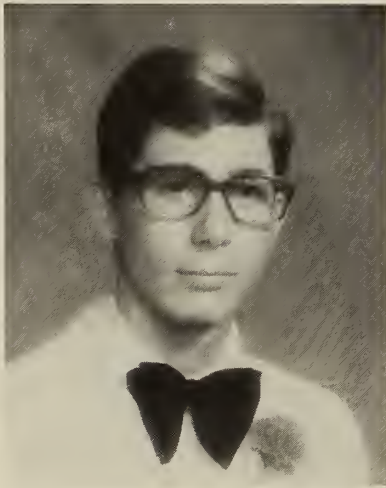

Often during the year, the students go out to help the community, exemplified this year by the Christmas hamper where all the students gave up something which was in turn, given to those less fortunate. Trust is bred at College, for to be Christian one must trust his neighbor. This year one of the themes of College was to have faith and trust in your friends. Locks were taken off of lockers and the opportunity was increased, but because of our College education, the rate of theft went down.

Because of all these reasons, Vancouver College has earned and upheld its tradition of being the best boys' Catholic school in Vancouver.

THE GRADUATING CLASS OF 1974

The 1974 graduates were the leaders of a new generation exempt from government exams. However, scholarship exams were offered and four of our students participated. The only one to succeed from College was Andrew Hokhold who received a \$200 scholarship. We would like to dedicate this page to the '74 grads.

RENOVATIONS 75

Last summer saw many renovations in the school. The junior and senior resident dorms were totally remodelled to become what is thought of by many as "a luxurious palace". Those who pass by the entrance of the school's driveway would have noticed a log with 'Vancouver College' engraved in it. The interior of the school was in many places repainted, new doors were put in, and Brother Bucher's office was remodelled.

MR. LEE WAI

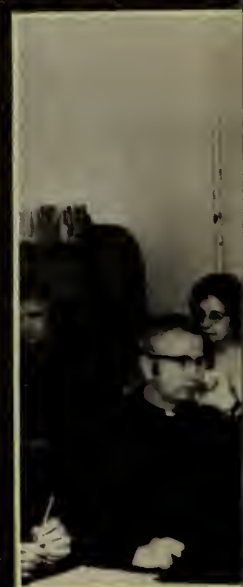

Lee has served Vancouver College for approximately thirty-four years and is the longest member on staff. Up until 1969 he worked in the cafeteria but now cooks for the Brothers in their residence. Lee was schooled in the Orient and when in his twenties, he came to Canada eventually to get a job as head chef at Vancouver College.

PETER PAN

Performing for two packed houses on January 30 and 31, the play Peter Pan emerged a theatrical success. Under the musical direction of Mrs. June Koch and dance direction from Mrs. Carol Coulson, the children from both L.F.A. and V.C. attracted the imagination of the entire audience. Br. Thorne acted as director over the large cast. Peter Pan was played by Tim Koch and Fiona Roeske co-starred as Wendy. The evil Capatain Hook was done by Alex Loboar. Certainly much of the credit must go to the stage crew who built and erected the necessary sets. Through the help of Br. Gerard, these hard workers contributed an atmosphere that enhanced every aspect of the production.

THE COLLEGIAN

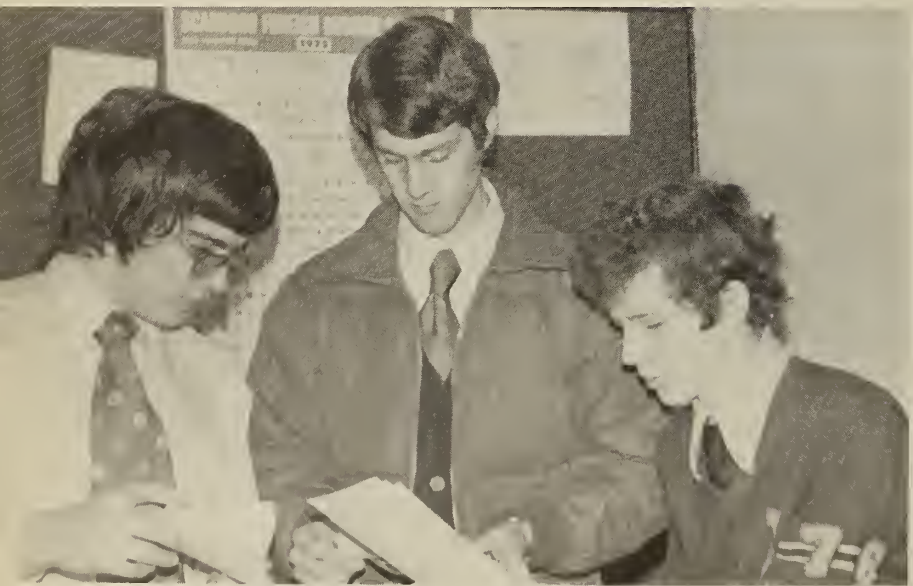

This year, though under the moderation of Brother Rowland, the Yearbook was entirely produced by the student staff. Tino Varelas, the Editor-In-Chief along with Brother Rowland, spent many hours in proofreading the layouts of each section before it was sent into Winnipeg for production.

The 1975 Yearbook has taken on a complete change in its appearance and style. New ideas in layout design, art work, and backgrounds were all part of the 'New Look'. The art work, backgrounds and special effects were decided by each section editor with the consultation of Editor-In-Chief Tino Varelas.

The staff this year ranged from grade nine to grade twelve. The section editors, made up by the grade twelves were responsible to have their section finished before the day of the deadline. It was many a night where one could find a yearbook staff member hard at work.

UNITED NATIONS

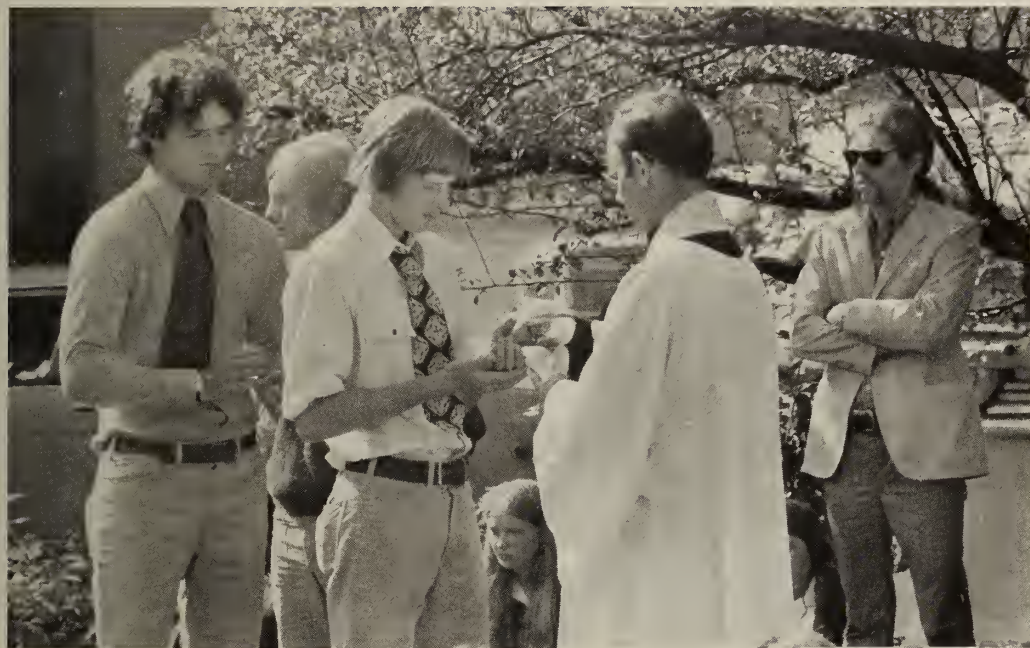

Vancouver College is a school of many moods and varied activities. Students are found early in the morning doing their homework or studying for a test. They can be found late afternoons at a pep rally or in the gym playing floor hockey or participating in basketball intramurals. At lunchtime they are in the Cafeteria -- eating, talking, and laughing. They are found during study periods and free time using the library for serious study. This is Vancouver College in action!

All these are small parts of Vancouver College as a whole. Whether a student is praying, eating, studying, cheering or playing, he is participating in Vancouver College. He is part of a group of young men all working towards unity and trust.

V.C. IN ACTION

THE MASS

One of the most important aspects of College life is Religion. On a number of occasions throughout the school year, the entire student body and faculty gather together to worship God through Holy Mass. A real feeling of spiritual renewal is generated through the Grade Twelve's chorus and the manner in which the priest celebrates the mass.

STUDENT COUNCIL

The Vancouver College Student Council for 1974-75 consisted of Tom Clarke, Peter O'Brien, Steve Bourke, and the president of each high school class.

Tom Clarke and his council worked with Br. Bucher over the summer to come up with this year's themes -- honesty and unity, beginning in our school community. The Student Council was behind these ideas and tried often to put them into effect.

Although President Clarke and Vice-President O'Brien worked separately, each accomplished a great deal in his own way.

LEADERSHIP CONFERENCE

The Vancouver College Student Leadership Conference was held on the 22nd and 23rd of November, 1974. Acclaimed by all who attended as a great success, it helped to bring about better inter-school relations.

Representatives from over a dozen different schools in the Great Vancouver area attended, and this year's conference was the largest ever held.

Father Thomas Chambers and his assistant, Bill Donovan flew to College from South Bend, Indiana, where Father Tom is head of the International Institute for Student Leadership at Notre Dame University.

The main reason for the success of this conference was the leadership of Peter O'Brien, vice-president of the school, who began planning in August for this occasion.

Unlike the previous year's gathering, the spirit of this conference was kept alive by reunions at dinner-dance restaurants and private parties where the participants had an opportunity to get to know each other personally.

As in previous years the high school students were treated once a week with the opportunity to kick up their heels and do something unique. Often this was nothing more than playing chess, studying or trying one's luck with woodwork. The other students could be found leaping somersaults and flipping head-over-heels on a trampoline, swimming a length under water, playing an aggressive game of squash, or even reaching the high note at a musical practice.

This marked the fourth year of the highly successful Wednesday afternoon Activities. Every year the "classes" get more daring and this year there were some trained students moderating the various activities which ranged from acrobatics to writing for the school newspaper.

It should be noted that these mid-week activities give the frustrated students a much needed break, because of this, tension is relieved, angers and frustrations released and Thursday and Friday pass quietly.

WEDNESDAY ACTIVITIES

TALENT NIGHT

Vancouver College's Third Annual Variety Talent Night was held on Wednesday, February 15. This year's blend of the comical, musical and inspirational was as varied as the students on stage and backstage.

Talent Night was organized solely by students, and this year's effort was directed by Jeff Harris and Joe March. These two served as the rudders on a ship of unquestionable steadiness.

Students from both College and L.F.A. showed an audience of over 300 acts that ranged from Monty Python, as performed by Jerry Eberts and Steve McClure, to a song and dance performed by Minnie and the Moochers from L.F.A. On the serious side, Chuck Sigmund read poetry he himself had written, and Michael Varelas played the piano so well that even the numerous hecklers in the audience were silent.

The hosts of the show were Rick Lauzon and Glen Garvie, and both were received well by the audience, as was a well-known musician who played the Electric Bass Broom and did an impression of Mickey Mouse that stunned those seated in the gym to bring him back for "More!"

INTRAMURALS

This year the Intramural program under Br. Wright, the moderator, was the most successful one that Vancouver College has ever seen.

Classes ranging from grade eight to grade twelve participated actively. Each game played was rated in three categories -- class participation, sportsmanship, and points. It was most amazing how each class rated so high in all these categories. The program was so successful this year, that the program will become a standard activity for Vancouver College in the future.

THE VOICE

This year's VoiCe has been hailed as the best ever produced by Vancouver College students. The joint effort of a handful of regular staff members, editor Peter O'Brien, and Br. Wright (moderator) put together the finest collection of news, sports, activity and extracurricular stories ever assembled.

Peter O'Brien was assisted by two steadfast workers: Brendan McGivern and Jerry Eberts. Always on hand to give aid or last minute coverage of a big scoop, these three anchors of the newspaper came to be known as the Triumvirate in certain circles.

Many other contributors were present in the staff-box each month, and these were as important to the paper as any permanent reporter. Writers such as Dave Longpré, Steve McClure, Kevin Konar, Larry O'Brien and "Slacker" Watson added variety to writing styles and gave their own personal opinions on many topics.

This year's staff was adorned by two extra talented students from L.F.A. Liz Godfrey consistently showed up when there were typists needed, and Ann Dodsworth never failed to cheer a page of the VoiCe by donating a drawing every issue. The other staff cartoonist, Walter Comper, drew the Eberts-written SuperStudent and occasionally gave the front page a flair it might otherwise have missed.

MRS. FRY IN ACTION

Mrs. Fry's cheerful smile has been warming the office of Vancouver College for about eighteen years. Her loyalty and devotion is unsurpassable and our school has grown to depend greatly upon her. Mrs. Fry is always ready to share her valuable time and give advice to whoever can benefit by it.

V.C. SPIRIT

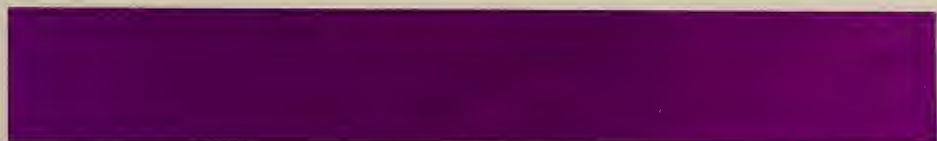

This year's theme of unity, honesty and respect for one another was clearly evident in the abundance of our school's spirit. The Lettermen who led cheers, the Newspaper that kept students informed, the Musical that got students involved, all showed the willingness of students of College to do something to benefit others and not just themselves.

For this, we can be proud. Our school is known for spirit, and this year was no exception. The Lettermen led the cheering at the pep rallies and games, while some classes put on acts at pep rallies, to increase the spirit even more. The place to sit at a Basketball, Football or Wrestling event is in the College's cheering section, there it is impossible to remain uninvolved.

At football and basketball games, the crowd, led by the Lettermen, would have cheering competitions with other schools -- each repeating the same cheer until one side gave up. The College crowd never gave up, until the other school broke down.

Total school involvement was evident in other sports. Wrestling matches were exciting, so were the frequent Intramural Activities held after school. When College hosted a Powder Puff Football game involving teams from Little Flower Academy and Sacred Heart, people came in droves to see the girls slip and slide on the muddy field.

As in previous years, crowds turning out to see the two College/Notre Dame games were large, but the crowd size was phenomenal this year.

DRAMA

FIDDLER ON THE ROOF

Last year the drama clubs of Vancouver College and Little Flower Academy combined forces to produce the musical "*Fiddler on the Roof*". Under the direction of Grace MacDonald and musical director Angela Gann, the show was a roaring success. For the first time, a musical was dependent on a single lead character, Tevye (Tom Sigurdson).

A "He is a good man, a fine man, true, of course true."

B "He is handsome, he is tall, that is from side to side!"

C "On the other hand..." considers Tevye (Tom Sigurdson).

D "Tradition - Tradition!"

E "Did you hear?, Perchik has been arrested," exclaims Mark Fanson (Avraham).

It should be mentioned how much work went into the musical "Fiddler on the Roof". The scores of rehearsals and lectures resulted in an outstandingly smashing hit of "Fiddler".

A The cast listens to criticism and comments just before opening night.

B "Rick are those really your eyelashes?" asks Pam Ellert.

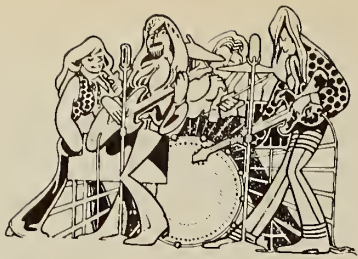

C The cast rehearses for (how many times?) the dream scene.

D "You're now ready, go get them!"

E "I'll be glad when this is over," sighs Brother Estrada (Moderator).

E

DANCES

The dances this year have been the best organized and the most successful in College's history. Under the superb supervision of George Csoti, the Dance Committee has decorated the gym and hired some of the best bands available. The dance committee spent long hours organizing and setting up for the dances. This year's "advance tickets only" policy avoided overcrowding, as Dances have been in the past.

The dances are a very important part in the social life of Vancouver College. The dances give the V.C. students the chance of meeting girls from all over the Vancouver region.

Head coach Greg Emry.

It was this kind of heads up football that took the Irish to the Shrine Bowl.

An O'Dea runner meets his doom at the hands of the Irish defence.

This year saw the Vancouver College Fighting Irish revived to their former dominance of the lower mainlands' High School football league.

Finishing second in the recently reformed skyline league, winning the annual Sagebrush bowl, and ultimately finishing second in the province by becoming the second team from Vancouver College to play in the Shrine Bowl it is obvious that the Irish are back.

The Irish compiled an awesome record of 8 wins and 3 losses.

The first loss came at the hands of Colleges' arch rival to the south, O'Dea, by a score of 6 to 0. The second and third losses came at the hands of Notre Dame. One at the Annual Archbishops' trophy game and the other in the Shrine Bowl.

The rest of the season saw the Irish win resounding victories over Howe Sound, Sardis, Port Moody, North Delta, Centennial, and St. Thomas More.

The head coach Mr. Greg Emry has done an excellent job in turning the football program around and this years' team responded to his methods excellently.

Their spirit and desire was unmatched, their hard work was rewarded their classmates are proud to be able to say "they came from us, we give them to you."

Terry Cox literally hops over the goal-line to score another major for the Irish.

Two lonely kick returners prepare their strategy for the first return of the night.

Jim Coady inspired everyone with his constant all-out playing.

Jubliant champions.

Dan Lavery sweeps the east end in the Junior Skyline championship game.

This year the Junior Irish annihilated Notre Dame both offensively and defensively.

In the past few years a new tradition of power has arisen in the form of Junior Varsity football. Head Coach Dennis Hugh, in one year, has turned a once mediocre program into a top notch winning machine.

Through his efforts and the dedication of his team they have at last achieved a goal that has long been a part of the junior sports program. They not only beat Notre Dame but in doing so they brought the Junior Skyline trophy back where it belongs.

Putting together a record of six wins and only one upset loss by scoring 122 points and only allowing 34 points, it is very plain that this was a team well worth supporting.

Assisted by his younger brother Lorne (class of 73) and Mr. John Mills (class of 68), Mr. Hugh (class of 67) and his team worked hard all season. Through their hard work and excellent team work they profited greatly. Not enough can be said about the team. They were a spirited crew who took the game seriously and still had fun.

We can only tell them how proud we are of them and offer them our most sincere congratulations.

One could often see the team dribbling, bouncing and jumping around the gymnasium during their usual practices. The team did very well during the season, but lacked something in the finals. All in all, the Varsity represented V.C. with spirit, and showed Vancouver that we were still number one in spirit and fighting ferocity.

CP Air's Orange Vacations

We go from one extreme to the other.

A bright orange CP Air jet will take you where you can revel in winter. Or run right away from it.

You can choose between deep powder in Canada or a deep tan in the South Pacific, Mexico or South America. We'll take you to Hong Kong for shopping, to Tokyo for business, to San Francisco for fun. You want Europe? We'll land you in Lisbon, Milan or Rome, Athens, Tel Aviv or Madrid. You name

a place, we'll see you get there.

And because we think an airline should do more than just get you where you want to go, we can help you have a good time after you arrive. Our Orange Vacations can include as much or as little as you like from hotels to rented cars to sightseeing trips.

Just talk to your travel agent about all the CP Air Vacations. He'll go to extremes to find the right one for you.

Orange is Beautiful.
